

Marking Fluid diamant®

blue or red

Version: 10.09.2025

Field of Application

- For marking and scribing on metal surfaces.
- Allows clearly visible marking.

Usage

Immediate drying allows for working without time delay. The colour coating remains elastic and does not crack when scribing, thereby providing clearly visible markings.

Marking Fluid is not alkaline-resistant and will be partly dissolved by many cooling and lubricating agents.

Easily removable with

Anti-Graffiti diamant®, LM Solvent Spray diamant®

Packaging types

- Bottle 500 ml
- Spray 400 ml
- Marker (Pen)
