

## Technical Data Sheet

# BM – Spray **diamant**<sup>®</sup>

## Brake and Engine Cleaning Spray

Version: 10.09.2025

### Area of Application

BM Spray is a viscous, emulsified cleaner that removes oil, grease, soot, tar, and similar contaminants from machines, engines, and gearboxes.

### Properties

fast-acting

easy to remove

### Application

Spray generously onto parts to be cleaned and, depending on the degree of soiling, allow to act for 5 to 15 minutes. Rinse with water.

**WARNING:** Cold cleaners may only be used in conjunction with light liquid separators (oil separators). To achieve wastewater discharge, they must not enter the oil separator together with emulsifying wastewater containing surfactants (e.g., from car washes).

The information contained herein were established with care and represent average values. However, the product is sold without obligation or warranty expressed or implied. The fields of application depend on the recipes of the consumers and the relevant quality confirmation.
